

## SEEKING OUTSTANDING CANDIDATES FOR DIRECTOR OF TECHNICAL SERVICES

MUNDELL & ASSOCIATES, INC. (MUNDELL), a small, dynamic, Indianapolis-based earth and environmental consulting firm is seeking an outstanding candidate to fill the position of **DIRECTOR OF TECHNICAL SERVICES**. Ten or more years of progressive geological, geophysical or environmental engineering consulting experience are required. The ideal candidate should have a B.S. degree (M.S. or Ph.D. preferred) in a scientific or engineering earth science-related discipline with graduate course work in hydrogeology, geophysics, or environmental engineering from an accredited university. Registration as a Licensed Professional Geologist (LPG) or Professional Engineer (PE) or the capacity to become registered is desirable. Typical projects involve Phase I and II Environmental Site Assessments, soil/sediment/groundwater sampling, chemical source area mapping, plume delineation, subsurface geological and hydrogeological characterization studies, groundwater flow and contaminant transport modeling, corrective action and remedial design for soil and groundwater cleanup, and human health risk assessments. Professional Development will be expected from the director level position; not only to grow and develop your knowledge base but to also grow and develop staff professionals. Participation in sales and marketing will be expected from this director level position to help grow the client base.

Desirable skills include excellent familiarity with field data collection and mapping methods, analytical and numerical groundwater flow and contaminant transport modeling, geophysical instrumentation trouble-shooting and survey completion, quantitative and statistical analysis, data visualization, and good oral and written communication. The candidate must demonstrate a proven ability to work independently, organize and manage multiple tasks and project assignments, and interact well with a multidisciplinary team.

### WHO WE ARE

A small firm (currently about 17 people) established in 1995, MUNDELL provides consulting services to small to medium commercial companies, Fortune 500 firms, municipalities, other engineering firms, and the legal community. MUNDELL senior personnel have acted as project engineers and scientists, project managers, project directors, senior technical consultants, and expert witnesses for numerous earth and environmental projects throughout the United States, Canada, Mexico, Puerto Rico, South America, Europe and Asia.

The company's specialties include: the quantitative stratigraphic, geochemical, geophysical and hydrogeological characterization of the subsurface; quantitative analysis and engineering design of remediation systems; groundwater modeling and contaminant transport analysis, and environmental and engineering geophysics. Apply to John A. Mundell, President, Mundell & Associates, Inc., 110 South Downey Avenue, Indianapolis, Indiana 46219. Phone: 317-630-9060, Fax: 317-630-9065, [info@MundellAssociates.com](mailto:info@MundellAssociates.com). Send resume by email in Word or PDF format.

### WHAT WE BELIEVE IN

MUNDELL personnel believe that the proper scientific or engineering analysis of any site communicated in easily understandable terms will provide its clients with the guidance and direction they need to accomplish their goals. We believe that our pleasant demeanor, our comfortable dress, our high level of enjoyment in what we do and how we do it, and our passion for providing a high-quality product creates an atmosphere in our work environment that is attractive to those seeking employment.
